SHOWMAX①

Great Mis is 17 years old. To help out her desperately poor family, she takes on a part-time job. Then one night a boy blackmails her into doing her odd jobs for money, saying "I love you." Who is the boy who stole Mis's first love?

♡ "Last year I felt like my body was falling apart. Especially from the beginning of fall to the end of the year. I felt like I had a cold the whole way through. Maybe it's because of all the pressure of work, my frailty and exposure to the elements... I viewed the fact that my comic came out at the very beginning of 2005 as a good omen, and decided to try to become a healthy person. Now accepting rave reviews."

Hello, hello.

This is the first volume of *Fanservice Classics*. I'm always, the author. To those of you who know me through my previous works and those who've never read anything by me, thank you for looking this I haven't drawn a comic in a while. This is a brand new work.

...Um, well, I understand why people would roast the way they do, but when I first started drawing this story, I heard a lot of "What the heck?!", but it's all water under the bridge now.

I draw what I want, and that's the way I am.

"What will the Margaret readers think?" my editor says while scolding me. Laugh! It's very fun and very difficult to draw manga.

It makes me happy that all you readers think deeply and feel comfortable with the manga.

Hey everyone, "Passionate" Climax has been renamed "Desire" Climax, but it is still the same great series.

The Japanese title for this work is:

Yokujou Climax

"Yokujou" can be translated a number of different ways, 'lust', 'passion', 'desire', to name only a few possible translations. We went with "Passionate" Climax because we felt this translation read the best, and it captured the theme of the story. The change to "Desire Climax" is being made because the author refers to this work as "Desire Climax" in English. We did not see this until now.

We apologize any confusion this may have caused!

Talk About the Cover of the Comic

In general, other pages of manga and the names of characters all have to go through inspection, but for manga there's no check. That's why I've done the covers and their inside pages. But this time is particularly strict. I really like this collaboration... I it's all different.

The people in charge were heavily critical the cover design, and have put more work into the process of the next books than you at the end of every volume than five or six before.

Doesn't think of it this way too...?

I wanted to change it, so everyone listened to my advice, comments and money scattered there.

I like my work, so I like my efforts too.

Only... this collaboration's work is my main source of income, and money is tight so it's sort of worries me.

Talking About Retirement

Because we always getting older, aren't they? Before he asked your body is saying without tells me about one day to be before you takes no one and is half to two days now. Realities are also knowing a welcome.

On the morning of my first-line for coming up with the next story for *Index*, I had to take the *Disappearance* to read over there, without anyone-
except to ask the editor (who I received out of a crowd) about for an extension on my deadline. At this moment, I wanted to retire. I don't want to have to be bothering people all the time like this, I thought.

Of course, the disappointing and I don't feel that way at all anymore (because we have like that) because now often to overcome by unbelievable feelings of negativity.

I don't even want to feel like I did that day again, but now day I won't be able to help against Father Time. I guess I should draw more quickly huh? Well, I'll do my best to draw faster.

About Winter Break

As of this writing, I had only done three or four issues and only one or two had appeared in *Mangamen*... but after the first issue, I took a two-week hiatus.

This break was planned maybe many months ago, but I talked over my schedule with my editor as one of the boys, and it was sort of strange. Except for that I did nothing on that six-day trip and it was very relaxing. The things I have to do for this week are piling up, and even the smallest art means more work for me, so I really don't get a break.

Somehow I made time to meet with friends and family for New Year's. It's weird because usually it seems like I'm always working.

Aahh, in this is how it is... I have work to do, but I'm grateful. Somehow my New Year was free.

But somehow I can't totally understand all the work I have to do.

Ah...

A RING ON AN

Sat Talk.

We just got a third cat

As companions of my little sister's friend she's want it anywhere, so I took it. I have two older cats named Auru and Matsuno.

Oh, how I love kittens! They're cute no matter what they do! But this is the first time I've had so many cats at once.

I spent 40,000 yen to take the kitten to the vet. It likes the garden and toilet paper... it seems to get into everything.

Every morning at 8 a.m., like clockwork, it makes a huge racket like it's over-petting to an article mast, and I think come on, shut up! Shut up!

I realized I like older cats, after all. I really value how their malice and rebelliveness adds to the atmosphere of my house.

But Talk Part 2

These two young things are certainly noisy and they're always worrying me.

They'll end up next to just anyone, as if to say "You know, we're all the same, so it doesn't matter who I couple with!" It's negative. . .

If I stroke out my hand to get their heads, they cry "ouch!" to refuse and jump up on my lap for stimulus and rub against my head like it was a flower. Then if I get their stimulus they right up their eyes and move their head back like they're trying to scratch at something.

What's with these cats . . . I don't know they're outside to the point of suspicion and the next thing's acting odd as reactions to everyone.

My best friend asked me, "How can you notice these kind of stuff?" but I don't know.

I'm proud of them, but they're sort of weird cats.

IT ~~WOULD~~
BE BETTER.

I SAID
THAT,
BUT...

I WON'T
HATE YOU.

IF THEY
WERE ALL
LIES.

YOU...

BUT...

I HOPE THEY'RE NOT
WALKING AROUND.

LOOK BETTER
WITHOUT
YOUR
GLASSES.

BUT

HEY.

LET'S
SWITCH
CLOTHES.

WELL,

IF I DO
THAT, MY
MOMMY WILL
BE MAD AT ME.
